

SELF-PACED ONLINE COURSES

HOW TO REDEEM A DISCOUNT CODE

INSTRUCTIONS

Step 1: Go to www.nvidia.com/dli/ and click on the “Online Courses” tab

Step 2: Choose one online, self-paced course to take. Once you’ve selected your course, click on the course name. On the next page, click “Enroll Now”

Step 3: Create an NVIDIA Developer Program account. If you already have an account, log in

Here’s how to create an account:

- > Enter your work email address and click “Sign In”. The system will recognize if there is an account associated with your email
- > On the next page, enter your details and review Terms of Use and Privacy Policy. Then click “Create Account”
- > Check your email for a verification link. Click the link in your email (also check your spam folder if you did not receive a link)
- > Return to the original page, which is now the NVIDIA Developer Program Sign Up page (may take a moment to load). Submit your preferences, and then submit your profile information
- > Enter your full name and public user name, then click “Create Account” (this will link your NVIDIA Developer Program account with the NVIDIA Deep Learning Institute. Ensure your full name is what you want to be displayed on any certificates you will be issued)

Step 4: Enter your promo code on the cart and billing information page

Here’s how:

- > Click “Enter Promo Code” below the item in your cart. Enter the code and click “Apply”
- > Enter your billing address
- > Payment information is not required. Please skip this section and click “Continue”
- > On the next page, click “Submit” and then “Proceed to Courses”

Step 5: Enjoy your self-paced, online training

If you have issues redeeming your DLI promo code, please email us at NVDLI@nvidia.com
